Orange Superior

GUARANTEED ANALYSIS

(Per 1 oz.)

Calcium (min)	15 % (4,261 mg)
Calcium (max)	16 % (4,545 mg)
Phosphorus (min)	5.5 % (1,563 mg)
Potassium (min)	2.0 % (568 mg)
Lysine (min)	0.8 % (227 mg)
Copper (min)	875 ppm (25 mg)
Zinc (min)	3,600 ppm (102 mg)
Selenium (min)	13.5 ppm (0.4 mg)
Manganese (min)	2,000 ppm (57 mg)
Iodine (min)	75 ppm (2.1 mg)
Vitamin A (min)	138,000 IU/LB (8625 IU)
Vitamin D (min)	13,800 IU/LB (862 IU)
Vitamin E (min)	2,000 IU/LB (125 IU)
Biotin (min)	7 mg/lb (0.4 mg)

FEEDING DIRECTIONS

dac® ORANGE SUPERIOR can be fed with either fortified or unfortified grains. Fortified grains contain added vitamins and minerals and require a lower feeding rate of **dac® ORANGE SUPERIOR**. Feed **dac® ORANGE SUPERIOR** at the following rates:

Maintenance	2 oz. (2 scoops) per horse per day if fed with unfortified grains.
Pregnant/Lactating Mares and Performance Horses	3 oz. (3 scoops) per horse per day.

Consult an equine nutritionist or **dac®** if feeding with fortified grain.
Feeding rate based on 1000 lb. horse.
Do not feed to sheep.

SPECIAL INGREDIENTS

GIPro3 - An exclusive Performance Horse Nutrition®/dac® multi-strain Probiotic / Proteobiotic. Targets harmful bacteria including: Strep. Equi, Rhodoccocus and Clostridia that cause sickness, colic and diarrhea. Protects beneficial equine microbiome. Arrives to hindgut alive, survives pelleting and acidic stomach pH.

Organic Selenium - Selenium is an essential nutrient that plays a critical role in metabolism, healthy growth, reproductive health, and immunity. It also acts as a powerful antioxidant to prevent fatty acid oxidation which can cause tissue damage. Research has shown organic selenium is more readily absorbed and retained than selenium in inorganic forms.

Bio-available Trace Minerals – or chelated minerals are those that have been bonded to two or more amino acids. A mineral in this chelated state allows easy passage through the intestinal wall into the blood resulting in increased metabolism of that mineral. **dac® ORANGE SUPERIOR** utilizes organic minerals to increase availability and enhance absorption rates.

FEATURES

- Bio-available Trace Minerals
- Fortified with B-Vitamins
- Essential Amino Acids
- Helps maintain the general health of all ages and breeds
- Organic Selenium
- Exclusive PHN/dac GIPro3

dac® ORANGE SUPERIOR provides a balanced vitamin and mineral profile for maintenance, broodmares, stallions, and working horses. Minerals play a critical role in numerous metabolic functions including: reproduction, bone development, nerve function, immune function, hoof, skin and coat quality as well as energy balance. **dac® ORANGE SUPERIOR** is enhanced with Probiotics.

INGREDIENTS

Calcium carbonate, calcium phosphate, soybean meal, soybean oil, potassium chloride, choline chloride, vitamin A supplement, zinc amino acid complex, manganese amino acid complex, copper amino acid complex, cobalt amino acid complex, d-alpha tocopherol acetate (source of natural vitamin E), zinc sulfate, selenium yeast, manganese sulfate, distillers dried grains with solubles, copper sulfate, dry whey product, dried skim milk, yeast culture, vitamin B-12 supplement, folic acid, niacin supplement, biotin, natural and artificial flavor, vitamin D3 supplement, menadione sodium bisulfate complex (source of vitamin K activity), zinc methionine complex, zinc oxide, L-lysine, calcium pantothenate, riboflavin supplement, ascorbic acid, thiamine hydrochloride, calcium iodate, cobalt proteinate, brewers dried yeast, calcium carbonate, dried *bacillus subtilis* fermentation product, mineral oil, dried *bacillus licheniformis* fermentation product and maltodextrin.
