FEEDING DIRECTIONS:

dac[®] Electro Aid can be fed to all classes of mature horses. The intake of dac[®] Electro Aid is based on work intensity and the amount of sweat lost from the body. Feed dac[®] Electro Aid at the following rates:

- Horses:
- Maintenance (limited or no riding) – 1 ounce (1 scoop) per horse per day.
 - Light Exercise – 2 ounces (2 scoops) per horse per day.
 - Moderate Exercise – 3 ounces (3 scoops) per horse per day.
 - Intense Exercise – 4 ounces (4 scoops) per horse per day.

Please contact dac[®] if you should have feeding questions.
