Maintenance Dose	Give one scoop (1 ounce) per horse per day.
-------------------------	---

Dosing rate based on 1000 lb. horse.

CAUTIONS: Safe use in pregnant animals or animals intended for breeding has not been proven (unless you have the evidence to show it to be ok). If animal's condition worsens or does not improve, stop product administration and consult your veterinarian. Federal law prohibits the off-label use of this product in ruminants (because you have bovine sourced ingredients).

WARNING: For animal use only. Keep out of reach of children and animals. In case of accidental overdose, contact a health professional immediately. This product should not be given to animals intended for human consumption.

SPECIAL INGREDIENTS

Dong Quai Root – *Angelico sinensis*, commonly known as "dong quai" is an herb from the family Apiaceous, indigenous to China. It has potential antioxidant activity.

Raspberry Leaf – *Rubus idoeus* is a pale-green leaf produced by the raspberry plant; the leaf has been used due to its rich content in vitamins, minerals, and tannins.

Chasteberry Extract – *Vitex Agnus-Castus*, is an ancient Mediterranean shrub with finger-shaped leaves and slender spikes of violet flowers.

Magnesium – is a trace mineral that is an important ion in the blood, it plays an important role as an activator of many enzymes, and participates in muscle contractions. Signs of magnesium deficiency include nervousness, muscle tremors, and ataxia.
