Net Contents: 16 Fl. oz. (473 ml)

www.feeddac.com  
Made in the U.S.A.

- Treats drying, cracking, and chipping
- Helps increase hoof strength and pliability to prevent cracks
- Helps restore and support flexible, healthy hooves
- Creates breathable moisture barrier
- Leaves hooves with a healthy shine

**INSTRUCTIONS:** Thoroughly clean the hoof and debride the area of infected tissue before applying **HOOF THERAPY**.

Apply **HOOF THERAPY** into clefts of frog, heel bulb, and any holes or cracks. In severe cases, the hoof can be packed with gauze or cotton after application of product.

For active infections, treat 1-2 times daily for a minimum of 3 days. To prevent future infections, treat twice weekly.

**INGREDIENTS:** Purified Water, Glycerin, Zinc Pyrithione, Xanthan Gum, Silver Nitrate, Hydrolyzed Keratin, Abyssinian Oil, White Thyme Oil, Tea Tree Oil

**Zinc Pyrithione:** Disrupt membrane transport by blocking the proton pump that energizes the transport mechanism, starving the cell.

**Tea Tree Oil:** Acts as an antifungal/antimicrobial agent, effective even against antibiotic resistant microbial strains.

**White Thyme Oil:** Stimulates blood flow which promotes the delivery of nutrients throughout the hoof. Contains thymol which is potent at combating bacterial and fungal infections while soothing pain and inflammation
