

## HOUSEBREAKING POTTY TRAINING AID

for puppies & dogs

**dac**® Housebreaking Aid utilizes an airborne marking scent to naturally attract your pet to your preferred potty location. Helps reduce the time of housebreaking your new pet. Should your pet have an accident during the training period, use our Pet Urine Enzyme Odor & Stain Eliminator to clean the area.

- Helps reduce potty training time
- For indoor & outdoor use

DAC10092 Housebreaking Aid- 12-8 oz. bottles per case

### DIRECTIONS:

**FOR INDOOR USE:** Select a designated location. Place a newspaper or training pad there. Spray a liberal amount on a puppy training pad or paper. Allow puppy to sniff the pad and reward them when they go in that spot. Continue the training by reapplying the product and bringing your pet back to the spot after activities (napping, playing, eating and drinking).

**FOR OUTDOORS USE:** Select a designated outdoor location. Spray a liberal amount on the area. Allow your pet to sniff the area and reward them when they go in that spot. Continue the training by reapplying the product and bringing your pet back to the spot after activities. The length of the training time will depend on each individual pet.
